## Professional Development Plan

### Your Letter of Intent

Your letter of intent should describe your interest in a long-term career in dental assisting and outlining a plan for your professional development. This letter will serve as the basis for determining the size of the ADAA/DANB Scholarship, should it be awarded to you. ADAA/DANB Scholarships range from \$250 to \$1,000. The estimated cost of all activities you list must total at least \$250 and may exceed \$1,000, but the ADAA/DANB Scholarship will be awarded for no more than \$1,000 per recipient.

For examples of professional development areas, see the "Use of Scholarship Funds" section of the ADAA/DANB Scholarship Parameters document. Your Letter of Intent will be judged on content, including the specificity of your professional development plan, and on spelling and grammar. The Letter of Intent must be dated and signed by you, and should be a minimum of 250 words but not exceed 1,000 words.

### Documentation for Your Professional Development Plan

Attach documents that support the specific professional development activities you describe in your Letter of Intent, as part of your professional development plan. Required documentation is described in the "Use of Scholarship Funds" section of the ADAA/DANB Scholarship Parameters. Only documentation that supports your intended professional development activities is required.

### Scholarship Agreement

I promise to use the scholarship funds for the professional development purposes that I, the recipient, outlined in my scholarship application. I understand that if I, the scholarship recipient, fail to comply with the terms of the Scholarship Agreement, the ADAA/DANB Scholarship will be regarded as an interest-bearing loan and is to be repaid to the ADAA/DANB Scholarship program. Interest will be calculated at the U.S. prime rate on the date the ADAA/DANB Scholarship Committee first determines that repayment is required. If required, repayment must be made by a date to be determined by the Committee on a case-by-case basis. I agree to abide by the *ADAA Principles of Ethics and Code of Professional Conduct* and *DANB's Code of Professional Conduct*. I agree to allow my name, photo and statements submitted in the scholarship application to be used in scholarship- and marketing-related communications from DANB and/or the ADAA. I agree to report back to the ADAA/DANB Scholarship Committee, in writing, one year after the scholarship is awarded, with an update on how I am progressing in my professional development plan.

## Use of Scholarship Funds

Scholarship funds can be used for professional development activities intended to advance one's knowledge, skills or abilities in the field of dental assisting, including but not limited to:

- Purchasing CDE courses from any ADA CERP or AGD PACE approved CDE sponsor/provider.
  - Documents submitted with your ADA/DANB Scholarship application must include the course provider, title, description, number of CDE credits to be earned upon completion and fee.
  - If the course will be offered in person rather than online, the course date and location must also be specified.
  - The scholarship can be used toward reimbursement for approved CDE course fees for CDE courses that will be completed within one year after the ADA/DANB Scholarship application deadline, or that were completed no more than six months prior to the ADA/DANB Scholarship application deadline.
- Registration for any state, regional or national dental conference.
  - Documents submitted with your ADA/DANB Scholarship application must include the name and location of the conference and the date(s) on which it will be held.
  - The scholarship can be used toward reimbursement of registration fees for state, regional or national dental conferences that the applicant plans to attend within one year after the ADA/DANB Scholarship application deadline, or that the applicant attended no more than six months prior to the ADA/DANB Scholarship deadline.
  - If the scholarship is used to reimburse a dental meeting registration fee already paid, the applicant must provide a listing and summary of courses and programs attended at the dental meeting.
- Reimbursement of a fee to take one or more DANB exam(s) for which DANB deems the applicant to be qualified to take.
  - If the applicant applied to take a DANB exam no more than 12 months prior to the ADA/DANB Scholarship deadline, proof of DANB exam fee payment and passing results must be provided with the scholarship application.
  - If the applicant plans to take a DANB exam, the application must be submitted to DANB no more than one year after the ADA/DANB Scholarship application deadline.
- DANB certification reinstatement fee.
  - If the individual allowed DANB certification to lapse and wishes to reinstate, the scholarship recipient must apply for DANB certification reinstatement within one year of the ADA/DANB Scholarship application deadline.
- Fee to apply to receive ADA Fellowship or Mastership award (that is, not the enrollment fee; the scholarship applicant must have completed all FADAA or MADAA requirements and be ready to apply for the award).
  - If the applicant includes plans to earn FADAA or MADAA, the scholarship award will include \$500 toward this effort, to make payment toward these related expenses:
    - FADAA or MADAA application fee.
    - Registration fee for ADA Annual Conference at which the FADAA or MADAA will be awarded.
    - After the above two fees are paid, the balance of the \$500 can be applied toward travel/hotel expenses for ADA Annual Meeting attendance.
- Enrollment in college courses.
  - Documents required for the ADA/DANB Scholarship application include the course description and applicant's explanation of why the course(s) will contribute to professional development.
  - Courses must be offered by an institution of post-secondary education accredited by an agency recognized by the U.S. Department of Education.
  - The applicant must agree to enroll in the course(s) described in the application no more than one year after the ADA/DANB Scholarship application deadline.
- Open category, to be defined by applicant, if professional development activities do not fit under the ADA/DANB Scholarship application options described above.
